SAHALA E K

FULL STACK SOFTWARE ENGINEER

Doha, Qatar | eksahala3@gmail.com | www.linkedin.com/in/sahala-ek | +974 7758 3191

EXECUTIVE SUMMARY

Results-driven Software Engineer with hands-on full-stack experience in Microsoft .NET, ASP.NET MVC, Angular, and SQL Server. Skilled in building scalable web apps, RESTful APIs, and high-performance databases. Experienced in Azure cloud deployment (App Services & Virtual Machines). Strong in SDLC, clean code, debugging, and performance optimization.

TECHNICAL SKILLS

- **Backend Technologies:** C#, ASP.NET MVC, ASP.NET Web API, .NET Core, Minimal APIs
- **Frontend Technologies:** Angular, JavaScript, TypeScript, HTML5, CSS3, Bootstrap
- **Databases:** SQL Server, Oracle, PostgreSQL, MongoDB
- **Cloud & DevOps:** Microsoft Azure App Services, Azure Virtual Machines, Docker
- **AI Integration:** OpenAI, Claude APIs, Codex, OpenRouter (Gemma)
- **Tools & Platforms:** Git, GitHub, Postman
- **Caching & Storage:** Redis, Minio, Blob
- **Development Methodologies:** Agile Development, SDLC, Clean Architecture, Performance Optimization

PROFESSIONAL EXPERIENCE

Software Developer (.NET &Angular)
Cleveric Solutions LLC – Doha, Qatar(Jan 2026 – Present)

- Develop restaurant POS, menu, and dashboard features based on each restaurant's requirements using C#, .NET, Angular, and SQL Server.
- Design and maintain REST APIs and backend services using C# and ASP.NET Web API.
- Integrated QuickBooks with the restaurant management system to support accounting workflows.
- Implemented ZATCA integration for invoicing.
- Improved SQL query performance by adding indexes and reducing N+1 database queries.
- Build responsive interfaces using Angular, TypeScript, HTML, CSS, and Bootstrap.
- Deploy and support applications on Azure App Service and Azure Virtual Machines; collaborate with stakeholders and QA to resolve issues.
- Utilized Git for version control and followed clean architecture and coding best practices.

Software Developer (ASP .NET)
Manappuram Comptech and Consultants Ltd(Aug 2024 – Aug 2025)

- Developed and maintained enterprise banking and financial applications using C#, ASP.NET/.NET Core, and SQL Server
- Designed, developed, and optimized RESTful APIs for secure and scalable financial systems
- Worked with SQL Server, Oracle, and PostgreSQL databases, including query optimization, stored procedures, and performance tuning
- Implemented LINQ for efficient data processing, querying, and application performance improvement
- Developed secure backend services with role-based access control and data validation mechanisms
- Utilized Docker for containerization and deployment of applications across development and production environments
- Integrated caching and file storage solutions to improve system performance and reliability
- Collaborated with frontend, QA, and business teams to deliver high-quality banking software solutions
- Participated in debugging, troubleshooting, testing, and production support activities
- Followed Agile methodologies, clean architecture principles, and software development best practices

TECHNICAL & IT EXPERIENCE

IT Support Assistant Dec 2025 – Jan 2026
United Nations (UNDOC)-Gem Solutions – Qatar

- Installed, configured, and maintained PCs, printers, and basic network systems.
- Assisted in inventory management and documentation of IT assets.
- Supported system maintenance tasks and ensured compliance with IT policies.

IT Support Assistant Oct 2025 – Nov 2026
United Nations (WSSD)-Gem Solutions – Qatar

- Installed, configured, and maintained computer hardware, peripherals, and network systems.
- Provided end-user support for software and hardware issues, ensuring minimal downtime.
- Assisted in deploying and maintaining Odoo and other ERP systems on local servers.

EDUCATION

B.Tech in Computer Science and Engineering – 2020-2024

KMCT Women's College of Engineering, Calicut, Kerala

Mern Stack Web Development – 2024

MashupStack Software Training Institute, Kerala

PROJECTS HIGHLIGHTS

- **Restaurant POS & Dashboard Management System:** Developed and maintained restaurant POS, menu ordering, reporting, and dashboard management solutions for multiple restaurants in Qatar using .NET, Angular, and SQL Server.
- **Auction Management System:** Developed enterprise auction management software for Manappuram Comptech and Consultants Ltd., including bidder management, auction processing, financial operations, reporting, and secure backend services using ASP.NET and relational databases

PERSONAL INFORMATION

- **Languages:** English, Arabic, Hindi, Malayalam
- **QID:** Valid Qatar ID with NOC
